Recommendation ●
Alternative ⊙
Basic cleaning ✱

The data of this table represents only a small selection of our offered range of products. The neomoscan team creates custom-tailored cleaning and disinfection concepts. Please contact us.

Before using the product, please note the specific parameters for use and the advice on material compatibility. This information can be obtained from the resp. product data sheet at www.drweigert.com under the category 'Service/Downloads'.

¹ Use disinfectants safely. Always read the label and product information before use.

⁴ defoaming at warm to hot temperatures

² BMW = Bottle Washing Machine

⁵ defoaming at low and high temperatures
