

# triformin<sup>®</sup> HR

## Hand cleaner

### Liquid concentrate

#### Fields of application:

- For gentle hand cleaning in all food processing fields such as professional kitchens, butcher's shops and bakeries
- Reliably removes all kinds of soiling, in particular food residues
- Also suitable for the cleaning of very fatty hands

#### Special properties:

- Very economical
- Suitable for frequent hand washing
- Gentle cleaning of very dirty hands

#### Application and dosage:

For hand cleaning apply approx. 3 ml triformin HR (2 - 3 strokes with the triformin dispenser) onto wet skin and wash thoroughly. Dry hands with disposable hand towels.

For dosing triformin HR from the 1 L and 500 ml bottle we recommend the triformin dispenser 1.0 or triformin dispenser 0.5 from the Dr. Weigert triformin dispenser program.

In addition to gentle hand washing with triformin HR we recommend the regular use of the skin care cream triformin care and the skin protection cream triformin protect.

#### General instructions on use:

- For professional use only!
- Do not mix with other products.
- triformin HR is subject to the European Regulation on cosmetic products EC 1223/2009 as well as the GMP for cosmetics (Good Manufacturing Practice)
