Signal word Danger

Version: 4 / GB

Replaces Version: 3 / GB

Date revised: 06.09.2023

Hazard statements	
H225	Highly flammable liquid and vapour.
H319	Causes serious eye irritation.
H336	May cause drowsiness or dizziness.
Precautionary statem	nents
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P261	Avoid breathing dust/fume/gas/mist/vapours/spray.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313	If eye irritation persists: Get medical advice/attention. Dispose only when container is empty and closed. For disposal of product residues, refer to safety data sheet.

Hazardous component(s) to be indicated on label (Regulation (EC) No. 1272/2008)

contains \*\*\*

#### 2.3. Other hazards

No special hazards have to be mentioned.

The product contains no PBT substances. The product contains no vPvB substances. This product does not contain a substance that has endocrine disrupting properties with respect to human. The product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms.

# SECTION 3: Composition/information on ingredients \*\*\*

propan-2-ol

# 3.2. Mixtures

#### Hazardous ingredients \*\*\*

propan-2-ol					
CAS No.	67-63-0				
EINECS no.	200-661-7				
Registration no.	01-2119457	558-25			
Concentration	>=	25	<	50	%
Classification (Regula	tion (EC) No.	1272/2008)			
	Flam. Liq. 2		H225		
	Eye Irrit. 2		H319		
	STOT SE 3		H336		

# Other information

Complete text of hazard statements in chapter 16

# **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

#### **General information**

Remove contaminated clothing immediately and dispose of safely. In case of persistent symptoms consult doctor.

#### After inhalation

Ensure supply of fresh air. Seek medical advice immediately.

#### After skin contact

Wash off immediately with soap and water. Seek medical advice immediately.

Version: 4 / GB

Replaces Version: 3 / GB

Date revised: 06.09.2023

#### After eye contact

Separate eyelids, wash the eyes thoroughly with water (15 min.). Seek medical advice immediately.

#### After ingestion

Call in a physician immediately and show him the Safety Data Sheet.

#### Adhere to personal protective measures when giving first aid

First aider: Pay attention to self-protection!

- **4.2. Most important symptoms and effects, both acute and delayed** Until now no symptoms known so far.
- 4.3. Indication of any immediate medical attention and special treatment needed

# Hints for the physician / hazards

In the case of swallowing with subsequent vomiting, aspiration of the lungs can occur which can lead to chemical pneumonia or asphyxiation.

# **SECTION 5: Firefighting measures**

# 5.1. Extinguishing media

#### Suitable extinguishing media

Dry powder, Foam, Carbon dioxide, Water spray jet

# Non suitable extinguishing media

Full water jet

# 5.2. Special hazards arising from the substance or mixture

In case of combustion evolution of dangerous gases possible.

# 5.3. Advice for firefighters

# Special protective equipment for fire-fighting

Do not inhale explosion and/or combustion gases. In case of combustion use a suitable breathing apparatus.

# **SECTION 6: Accidental release measures**

6.1. Personal precautions, protective equipment and emergency procedures

Keep away sources of ignition. Ensure adequate ventilation. Use personal protective clothing.

### 6.2. Environmental precautions

Prevent spread over a wide area (e.g. by containment or oil barriers). Do not discharge into the drains/surface waters/groundwater. Do not discharge into the subsoil/soil.

#### 6.3. Methods and material for containment and cleaning up

Pick up rest with suitable absorbent materials. Containers in which spilt substance has been collected must be adequately labelled. Dispose of as prescribed.

#### 6.4. Reference to other sections

Refer to protective measures listed in Sections 7 and 8.

# **SECTION 7: Handling and storage**

# 7.1. Precautions for safe handling

#### Advice on safe handling

Use only in well-ventilated areas.

#### Advice on protection against fire and explosion

Keep away from sources of heat and ignition. No smoking. Take action to prevent static discharges.

Mutagenicity	
Remarks Based on available data, the classification criteria are not met.	
Reproductive toxicity           Remarks         Based on available data, the classification criteria are not met.	
Carcinogenicity Remarks Based on available data, the classification criteria are not met.	
Specific Target Organ Toxicity (STOT)	
Single exposure	
evaluation May cause drowsiness or dizziness. Remarks The classification criteria are met.	
<b>Repeated exposure</b> Remarks Based on available data, the classification criteria are not met.	
Aspiration hazard Based on available data, the classification criteria are not met.	
11.2 Information on other hazards	
Endocrine disrupting properties with respect to humans	
The product does not contain a substance that has endocrine disrupting properties with respect to humans.	
Other information There is no data available on the product apart from the information given in this subsection.	
SECTION 12: Ecological information	
12.1. Toxicity	
General information not determined	
Fish toxicity (Components)

# 12.3. Bioaccumulative potential

#### **General information**

There is no data available on the product apart from the information given in this subsection.

# Partition coefficient n-octanol/water (log value)

Remarks

not determined

#### 12.4. Mobility in soil

#### **General information**

For this subsection there is no ecotoxicological data available on the product as such.

#### 12.5. Results of PBT and vPvB assessment

#### **General information**

Not applicable

#### Results of PBT and vPvB assessment

The product contains no PBT substances The product contains no vPvB substances.

#### 12.6 Endocrine disrupting properties

#### Endocrine disrupting properties with respect to the envrionment

The product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms.

# 12.7. Other adverse effects

#### **General information**

not determined

#### General information / ecology

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No.648/2004 on detergents. Do not discharge product unmonitored into the environment.

# 13.1. Waste treatment methods

#### Disposal recommendations for the product

EWC waste code18 01 06\*<br/>20 01 29\*chemicals consisting of or containing dangerous substances<br/>detergents containing dangerous substancesThe listed waste code numbers, according to the European Waste Catalogue (EWC), are to be<br/>understood as a recommendation. A final decision must be made in agreement with the regional waste<br/>disposal company.

#### **Disposal recommendations for packaging**

- EWC waste code 15 01 02 plastic packaging
- Completely emptied packagings can be given for recycling. EWC waste code 15 01 10\* packaging cont

de 15 01 10\* packaging containing residues of or contaminated by dangerous substances

Packaging that cannot be cleaned should be disposed of in agreement with the regional waste disposal company.
